**STRONG BOOSTER FOR PLANT JUICE**

Washington Man Says the New Herbal Remedy Has Relieved His Stomach Trouble.

The old adage "That nothing succeeds like success" is proven true every day. Plant Juice, the new herbal stomach medicine, is a success, and it is such because it succeeds. Washington people know this, as is attested by the thousands of letters of indorsement from all over the United States. In every city where Plant Juice has been introduced, from people of standing and influence. Were Plant Juice other than an article of extraordinary merit, no such outburst of public approval could be had.

That Plant Juice is repeating its success is proven every day by the large number of testimonials received from local people, stating the great benefit they have received after years of suffering.

One of the most recent is that of Mr. Michael Mahoney, of No. 222 Third street northwest, who is a trusted employe of a large steel mill and has many acquaintances in this city. He writes:

"I have suffered with my stomach for over two years, and all the food that I ate would ferment and cause gas to form. I was bloated and in the worst kind of misery; my liver was affected, which made me very dizzy at times, and I could never get a good night's sleep; I got very nervous and weak and was badly constipated. Nothing seemed to give me any relief, until I heard of your Plant Juice and began to take it. It gave me almost immediate relief, and now I am able to eat all of my meals and digest my food; I sleep well and am feeling the best I have in years; have no more headaches or dizzy spells and am not constipated. I am feeling like a new man, and am glad to give this public indorsement for Plant Juice. You can count me as one of your strongest boosters."

The Plant Juice Man is at the People's Drug Store, corner of Seventh and E streets northwest, where he is daily meeting the local public and introducing and explaining the merits of this remedy.

**Our Famous Refrigerators "Sanitary" and "Quality" Cannot Be Found Elsewhere in Washington**

In seeking a Refrigerator the average person has three things in mind:

- Is it a good food container;
- Is it an economical user of ice,
- Is it constructed to last and look well?

For the Sanitary and Quality Refrigerators we can answer them all in the affirmative. We have tested them thoroughly and found them to be all that anyone could desire.

The Sanitary and the Quality can only be obtained of us in Washington.
